Fulkroad**

**Samantha
Wilson**

**& Stephanie
Anders**

**Thursday, June 22, 2023
Huntingdon Country Club**

**We appreciate our sponsors, donors & golfers.
(See reverse side for details.)**

Bentley was born with a severe heart condition called tricuspid valve dysplasia, a congenital heart disease that can't be cured. He has had 5 open heart surgeries since birth and was officially listed for a heart transplant on November 25, 2020. On May 9th, he received the greatest gift, a new heart. His surgery lasted 14 hours, and they had to leave his chest open for 4 days. His body began rejecting the new heart, and he must continually travel back and forth to Philly for treatments. He takes 20 syringes of medicine daily which includes 2 immunosuppressants that he will have to take the rest of his life. There is still a long road ahead for Bentley, but we are praying that he soon gets to enjoy the feeling of a normal whole heart.

Samantha was diagnosed with breast cancer in 2021 when she was 20 weeks pregnant. She began taking weekly chemotherapy treatments and delivered a healthy baby boy 5 weeks prematurely in July 2021. She had blood pressure issues related to a genetic condition called SDHD gene mutation. She has endured an adrenalectomy, a liver resection, multiple lymph node resections, a double mastectomy, and lymph node removal as well as daily chest wall radiation treatments, a brain tumor removed, and gamma knife radiation to her head. Sam graduated from Penn State University and is a registered nurse.

Stephanie is a graduate from Juniata Valley High School, went on to earn her license as a practical nurse and now works in the healthcare industry. She also served as the manager of the Alexandria American Legion. Stephanie was diagnosed with IGA nephropathy, also known as Berger's disease, which caused stage 5 kidney disease and cardiomyopathy. She must wear an external defibrillator 24/7 and receives dialysis 7 days a week until she receives a kidney for transplant. Currently, her heart is not strong enough to undergo major surgery. She continues to work full time as an LPN at Penn Highlands hospital.

Valley Rural Electric Cooperative, Inc.

12TH Annual Benefit Golf Outing

Valley REC's health and wellness committee organized its first benefit golf tournament in 2012. Since that time, the golf outing has evolved into an all-hands-on-deck event. Valley's corporate office and three district offices close on golf tournament day, and all employees lend a hand on the course for the culmination of an employee-driven fundraising effort for local families.

But we couldn't do it without you, our sponsors, donors and golfers. The generous support of a wide range of businesses and individuals helps our beneficiaries better meet the financial challenges associated with serious illnesses and accidents and lets them know their community cares.

Together, we've raised nearly \$280,000 since that first tournament. Thank you for contributing to this charitable effort. If you're new to our tournament - welcome. If you have supported the golf outing in the past - welcome back!

Together we can make a huge difference in the lives of these wonderful people. Thanks again.
